

## Krynl Site Requirement

---

### What is it??

Krynl is an innovative and unique concept using shipping containers to create vibrant work space.

The first scheme at Kelham Island Sheffield is already over 50% preset and construction hasn't even started. For more information on the scheme please have a look at:

---

### Where??

Krynl will work in most locations ranging from City Centres to business parks. The sites need to be prominent with links to adjoining businesses or urban centres.

---

### What sort of Site??

Krynl can work on most infill sites. We don't need much land!!!

---

### Buy or Rent

Our preference is to buy land, however we will consider a variety of opportunities including joint ventures
